

The Hillsborough County Dental Research Clinic is a not-for-profit, low-income dental clinic located within Erwin Technical College on 2010 E. Hillsborough Avenue, Tampa, FL 33610. Our phone number is (813) 238-7725.

Hours: 8:00AM-3:00PM. The schedule changes slightly during the summer. The clinic is open on weekdays, and is closed on holidays of the Hillsborough County Public School system.

The clinic provides general dental services and emergency dental services for patients age 18 or older.

Prices are fixed and are low. Payment, IN CASH ONLY, is expected at the time of service. There is a SunTrust ATM in the building.

For **general care**, patients should call and schedule for a series of x-rays, \$50 (cash only). After that they can schedule for a full exam with a dentist, \$50 (cash only). They will then have a treatment plan and can schedule services as needed.

For **emergency treatment** of pain, swelling, or bleeding, patients should come to the clinic just before 8:00AM any day we are open. Emergency patients will have one tooth or area examined and treated to relieve pain. *Restorative treatments are only done on established patients. Emergency patients are worked in throughout the day between our scheduled patients. There will be a wait. Emergency exams and an x-ray are usually \$25 (cash only) and simple to complex extractions range from \$100-\$250 (cash only).

The clinic does not place implants and we do not prescribe narcotics or opioids.

The clinic does extractions, exams, cleanings, fillings, crowns and dentures. It does a limited range of root canals on established patients.

Patients visiting the clinic will need to show ID at the administrative office in the front of the building to enter the clinic.

Erwin is a public, technical college. The dental assistants are in training. The dentists are experienced and licensed.
